Town Clerk's Foreword

It is with great pride and enthusiasm that I introduce to you the second edition of the Mongu Municipal Council CDF Bulletin. The Constituency Development Fund as a flagship program in decentralization through devolution is indeed empowering our people and transforming the lives of our communities.

Mongu Municipal Council is committed in ensuring that these funds are utilized in uplifting the lives of our people in Mongu District. As the CDF was increased both in quantum and coverage, we have seen a remarkable progress and increase in infrastructure development, in education, in health and also empowerment covering secondary school boarding, skills development, grants as well as loans.

These developments have not only enhanced access to essential services but have also created employment opportunities, thus empowering local residents. Working hand in hand with community members, we have spearheaded the establishment of health posts that are bringing critical health services closer to the people. This has contributed to improved healthcare delivery, reduced maternal and child mortality, and enhanced disease prevention and management.

With the procurement of Earth Moving Equipment, roads that were once impassable are now providing easier access numerous facilities and remote areas, facilitating trade and improving the overall quality of life. Through CDF, we have managed to construct some Crossing Points in Nalikwanda Constituency.

CDF has supported the construction of new classrooms, provision of desks, and bursary schemes that have allowed many children, especially those from vulnerable households, to access education. We are also investing in Skills Development programs that are equipping the youth and women with the necessary tools to start businesses and become self-reliant.

Small businesses and cooperatives are benefiting from Empowerment Grants and Loans. These initiatives are creating a ripple effect in the local economy by promoting entrepreneurship, increasing household incomes, and reducing poverty levels in the district.

I would like therefore, to express my heartfelt gratitude to all stakeholders, including the central government and traditional leadership, for their support and partnership. Let us continue working together to ensure that CDF remains a catalyst for change and a beacon of hope for every resident of Mongu.

OLIVER MUUKA
TOWN CLERK

Message from Mongu Mayor

Fellow residents,

Welcome to the second edition of the Mongu Municipal Council CDF Bulletin. This publication has become an essential source of information for our community, allowing us to stay connected and informed about the development initiatives that continue to shape the future of our beloved District.
As your Mayor, I am committed to ensuring that we remain transparent, accountable, and engaged in dialogue with you, the residents. CDF is a flagship program of the UPND government, led by His Excellency President Hakainde Hichilema.
Through this initiative, Mongu has witnessed tremendous progress, driving the transformation of our infrastructure, public services, and economic opportunities.

Our collective goal is to ensure that the CDF continues to be a catalyst for the betterment of Mongu.
As we look ahead, I urge every one of you to engage actively in these programs, participate in decision-making processes, and take ownership of the progress we are making together. This bulletin is your platform, and it reflects the strides we have made as a community.

Allow me to extend my sincere gratitude to the Republican President, Dr. Hakainde Hichilema for this expanded CDF which has greatly contributed to the development of our district.

I would like to extend my deepest gratitude to all the stakeholders, partners, and citizens of Mongu who have contributed to making this journey a success. Let us continue to work together to build a vibrant and prosperous Mongu, where development is inclusive, and every resident feels the positive impact.

Together, we rise!

Yours in service,
HWM Nyambe Muyumbana

Hon. Koonwa Simunji MP
Nalikwanda Constituency

CDF is a government budget mechanism that channels a specific portion of the National Budget to the Constituencies to finance developmental projects such as School facilities, Health Posts and Water Reticulation systems.

In Nalikwanda, we appreciate this method of budgeting by Central Government for the constituencies because for a long time, constituencies like Nalikwanda never saw any development. Instead, Nalikwanda Constituency saw the deterioration in infrastructure such as schools, clinics and so on. Now, the story has changed and we have witnessed rehabilitation and construction of infrastructure in our constituency.

With the CDF model in place, we have seen the construction of health centres, such as Kaulu in Namengo ward Lukulo in Mbekise ward and Nandinga in Nalwei ward. These have since been commissioned while Imalyo and Simulima Clinics are still under construction and work is progressing well.

It makes me happy to state that through this method, areas like Kamba in Nalwei ward, Kaluwawa in Mutondo ward and Lulomwe in Looma ward where no school infrastructure existed, we have managed to construct classroom blocks and our children are now learning under a roof. This model of financing is so appropriate to our constituency as it has allowed us to decide on our priorities.

Hon. Oliver Amutike MP
Mongu Central Constituency

I hope this message finds you well. Despite the severe challenges posed by drought and the energy crisis that have affected our economic development, I am proud to report that the people of Mongu Central Constituency are witnessing remarkable progress across all 16 wards.

For the first time since independence, we are seeing the construction of a new secondary school, mini clinic, and police station in the rural ward of Kama. In Namasho, our rural ward is also being uplifted with the nearly completed clinic and school. Thanks to your Community Development Fund (CDF), we have purchased earth-moving equipment, allowing the council to begin work on our township roads.

Development is not confined to urban areas; we are committed to uplifting our rural communities, ensuring that all our people receive equal treatment and opportunities. Every ward in our constituency is benefitting from a fair share of development, including the construction of classrooms, local courts, clinics, maternity annexes, solar-powered water reticulation, and ablution blocks with flushing toilets.

As your Member of Parliament, I am dedicated to working alongside you and our New Dawn Government. In just three years, we have delivered significant achievements despite the challenges we face, and I promise to continue striving for even greater progress. Mongu is truly a city in the making.

Kozo bana bahesu.

Editors Note

Dear Readers,

Welcome to the second edition of the Mongu Municipal Council CDF Bulletin. Our goal is to keep you informed about the ongoing projects funded by the Constituency Development Fund (CDF) including Empowerment Loans/Grants and how these initiatives are transforming the lives of our people.

In this edition, we highlight key projects in education, healthcare, infrastructure, and small business support. By sharing these updates, we aim to promote transparency and encourage community engagement in Mongu's development.

Thank you for your continued support. Together, we are building a better Mongu.

Enjoy the read!

West-Minister **Hails** MMC for CDF Delivery

By Abigail Sitenge

Western Province Minister, Hon. Kapelwa Mbangweta MP. has commended Mongu Municipal Council for expedient implementation of CDF in the district.

The minister said this at the commissioning ceremony of the New Civic Center Building, Earth Moving Equipment and other community projects constructed and procured using the Constituency Development Fund.

Hon. Mbangweta said it was inspiring to see what the Mongu Council has achieved in the CDF implementation so far.
The Local Authority in April this year procured four (04) Earth Moving Equipment at a total cost of Eight Million, Six Hundred and Fifty- Six Thousand Kwacha (K8, 656, 000,000).

The equipment includes a Motor Grader, an Earth Roller Compactor, a Tractor Backhoe Loader and a Water Bowser. Besides the Equipment, 25 community projects from both Nalikwanda and Mongu Central Constituencies were handed over.

In addition, the Minister also handed over over 6000 desks procured under the 2023 CDF which have been delivered to respective schools.

Hon. Mbangweta emphasized that the New Dawn government under the able leadership of his Excellency, President Hakainde Hichilema remains committed to ensuring that development is brought closer to the electorate.

Meanwhile, His Worship the Mayor of Mongu, Nyambe Muyumbana said the new Civic Centre offices have boosted morale for most workers because the offices provide a good work environment.
The construction of the new Civic Centre commenced in 2019 using the Local Government Equalisation Fund. In 2022, the building was allocated, K1,000,000 for completion under CDF.

Earlier, the Minister commissioned a 1 x 3 Classroom Block at Mulambwa Primary School. The School was constructed using the 2023 CDF. The two Members of Parliament from Mongu Central and Nalikwanda Constituencies attended the event and addressed the audience. The Provincial Local Government Officer, Mr Nixon Nkwapu also attended the event hosted by Town Clerk Mr Oliver Muuka.

Luandui Maternity Annex Completed

By Abigail Sitenge

For a long time now, pregnant women in Mbekise Ward of Nalikwanda Constituency delivered from their homes due to lack of a Maternity Annex at the nearest Health Posts in the area. However, the narrative has changed owing to the construction of the first ever Maternity Annex at Luandui Rural Health Post in Mbekise ward.

The completion of Luandui Maternity Annex is the first to be completed amongst the five Annexes whose construction is funded through the 2023 Constituency Development Fund (CDF) at a cost of Seven Hundred and Fifty Thousand, One Hundred, Ninety- Five Ngwe (K750, 174.95).

Other Annexes that are being constructed include Namusheshe and Lukweta in Nalikwanda, Mawawa and Ilute Maternity Annexes in Mongu Central Constituency.

In addition, under the 2024 CDF allocation, more Annexes have been approved for construction in Mongu District.

Mbekise ward residents have thanked the Government for the facility, recalling that initially pregnant women in the area did not have a decent shelter for deliveries, a situation that brought anxiety to most expectant mothers. The Local people have also hailed local contractor, Nyiya General Dealers for the good workmanship.

The Local Authority in Mongu is gravitating towards the Presidential Directive and guidelines on prioritizing maternal annexes with necessary sanitation facilities in all health facilities.

In the picture, Nandinga Health Post, a Staff house, an Ablution block and Water Reticulation System in Nalikwanda's Nalwei ward. The projects have been constructed at a cost of over K790,000 under the Constituency Development Fund (CDF) 2022 allocation.

Over **3,000** Desks **procured** in Mongu under 2023 CDF

By Abigail Sitenge

A total of 3,506 desks for Primary, Secondary and Community Schools in Mongu District have been procured through the Constituency Development Fund (CDF) this year.
Under Mongu Central, a total of 2,126 desks have been bought while under Nalikwanda constituency, 1,339 desks have been procured.
Last year, Mongu Central approved funds procure over 2000 desks in addition to 1,380 which are being rehabilitated at Kambule Secondary School.
Under the 2022 CDF allocation, 2,762 desks were bought and delivered to schools for both Mongu Central and Nalikwanda Constituencies.
Some of the Schools that benefitted from the first consignment of desks nclude Mandanga combined, Mabumbu Primary, Imwiko Primary, Kashembe Primary, Tungi Primary, Mulambwa Primary, Sefula Primary, Ilute Primary, Nakaywei Primary, Kanyonyo Primary and Secondary Schools.
In Nalikwanda, the following schools benefited; Nakanya Primary, Litawa, Imalyo, Nangalata, Nyuta, Simulima, Katonolwa, Nalwei, Looma, Luandui and Sunga Primary Schools. Others are Lutende, Nakanya, Lukalanya secondary schools.
In September 2024, the Local Authority invited suppliers to bid for the supply and delivery of 3,833 desks to various schools in the district.
It should be noted that suppliers and contractors who failed to supply and deliver desks under the 2023 allocation will not be considered, should they bid.

ZPPA meets Mongu Contractors

A team of Officers from the Zambia Public Procurement Authority (ZPPA) met local Contractors and Suppliers in Mongu to update them on the e - Government Procurement (e -GP).
Over 20 contractors and suppliers attended the interactive meeting.

E-GP platform is a web-based, collaborative system to facilitate the full life cycle of a tendering process for both buyers and Suppliers.
With the introduction of e -GP system, all contractors and supplying that wish to bid for government contracts are required to use the e -Government Procurement. This is in a bid to promote efficiency and transparency in government procurement.

NEW COUNCIL **OFFICE BLOCK**

Completed using 2022 Constituency Development Fund

MONGU recieves CDF Monitoring and Police Vehicles

By Abigail Sitenge

Mongu Municipal Council recieved two (2) CDF monitoring and two (2) Police Vehicles that were centrally procured by the Ministry of Local Government and Rural Development using CDF.

The two (2) monitoring vehicles are used to monitory CDF related projects. In addition, one Police Vehicle for each constituency were among the Nineteen (19) CDF Police Vehicles delivered to Western Province. The 19 vehicles arrived in the province and were dispatched to their respective constituencies.

Speaking when he officially handed over the vehicles to the Police Command, Western Province Permanent Secretary Simomo Akapelwa who spoke on behalf of the Provincial Minister, cautioned the Police to look after the new vehicles properly by observing their scheduled maintenance.

Mr. Akapelwa said that the Police Service in the province will be saved from the shame of having to seek transport from other government departments whenever incidents are reported to them. He thanked President Hakainde Hichilema for his visionary and prudent leadership.
His Worship Mayor Nyambe Muyumbana in his welcoming remarks observed that the benefits of the actualization of the expanded CDF were being witnessed adding that CDF will also be used to procure Ambulances next year. The Mayor appealed to the Police command to ensure that the vehicles are utilized accordingly in various constituencies.

Meanwhile, Western Division Police Commissioner, David Chileshe thanked the government for the gesture.

“This is the first time in history that Western Division is receiving such a large number of quality Toyota Land cruisers,” he said.

He said the purchase of the vehicles will enable officers to execute their duties effectively. The event took place recently at Mongu Council car park.

Earth Moving Equipment Procured using CDF

By Faustina Litwai

Communities in Mabumbu Ward of Mongu Central Constituency had applied through their Ward Development Committee to have a Traditional Court reconstructed, and their wish was granted. Yuka Kuta was funded for reconstruction using the the 2022 CDF allocation at a cost of K446,085.13.
With the installation of a new Chief in that area, it is expected that the Kuta will be busy going forward.

Construction of Mabumbu Staff House at Mabumbu Rural Health Post has been completed. The Staff House has been constructed at a cost of K437,984.00 under the 2022 CDF allocation.

A 1x3 Classroom block at Mulambwa Primary School in Mongu Central funded under the 2023 CDF. The Classroom block was officially handed over in April this year.

Malengwa Police Post in Mongu Central, was funded K284, 844.00 for completion under the 2022 CDF allocation. The remaining works include water reticulation system and floor finish.

By Abigail Sitenge

Since its inception in 1960s, Malengwa Primary School in Mongu Central Constituency has never had flushable toilets. However, with the introduction of the expanded Constituency Development Funded (CDF), the school has seen the construction of a modern Ablution block funded through the 2023 allocation.

The new Ablution block will cater for more than 2000 learners who will this year begin to use water bone toilets for the first time.

School Senior Teacher, Simachela Nyambe is excited about this development. During an inspection conducted by Civil Engineers from Mongu Municipal Council, the Senior teacher revealed that the school management was very happy, and so were the learners.

Mr Nyambe however appealed for more Ablution blocks to be built considering the number of pupils at the school.

He said construction of the project began many years ago before the expansion of the CDF, this means therefore that, the project was only funded for completion.

The Ablution block has been completed at a cost of K398, 444.50. Nyiya Dealers, a local base contractor was engaged to do the project.

Construction of a Maternity Annex at Mawawa Health Post in Mongu Central Constituency is progressing very well. The Health Post currently uses a very small building for deliveries. The health post is being constructed at a cost of K710,548.45 and the Water Scheme at K210,030.75. The Annex has been funded under the 2023 CDF allocation.

The people of Imalyo in Nalikwanda Constituency will no longer walk long distances to access medical Facilities. This is because a Clinic and two staff houses have been constructed in Imalyo ward using the 2023 CDF at a cost of K2,330,189.37.
An estimated population of 3,284 covers about 28 kilometres on foot to access health care at Lwatembo Health Post, and Lukalanya Health Centre which is equally a long distance from Imalyo. However, this will now be a thing of the past, thanks to CDF.
The facilities are complete and they will be ready for use soon. *CDF is indeed a Game change*

Before and after the construction of Luatembo Bridge in Nalikwanda's Siyowe ward

By Faustina Litwai

The expanded Constituency Development Fund (CDF) has seen the construction of a number of Water schemes in both Mongu Central and Nalikwanda Constituencies.
The impact of the same has been observed in mostly rural parts of Nalikwanda where people didn't have access to clean and safe water.
Most communities in Mongu's remote areas would only access drinking water from shallow wells and streams but that is history for most of them, thanks to CDF.
More than 20 Water Schemes have been constructed from the 2022 and 2023 CDF allocation.
The latest ones to be completed include;
the construction of a Water Reticulation System at Lukalanya Primary School, at Natonga Rural Health Post and another at Liande Rural Health Post. All the three Water Schemes are located in Nalikwanda. Communities near these facilities can now access clean and safe water.

Before (Left) and After (Right) pictures of Kaamba Community School in Nalikwanda Constituency. The 1x2 Classroom block was constructed at a total cost of K310,000 using 2022 CDF allocation.

By Abigail Sitenge

The Headteacher at Lushi Primary School in Nalikwanda Constituency is one of the motivated teachers this year as he has moved into a modern 3bedroomed Staff House constructed using the CDF.

Such kind of staff houses with running water and modern fittings never existed in the rural part of Mongu, however, with the expanded CDF in place, the narrative is slowly changing. Constructed using the 2022 CDF allocation, the Staff House has been completed at a cost of K478,260.00.

Over 100 Students Under CDF Graduate From Mongu Trades

By Abigail Sitenge

Over 800 students graduated from Mongu Trades Training Institute in Mongu district. Out of the total number that graduated, 288 were Constituency Development Fund (CDF) sponsored students from various districts in the province.

Mongu Municipal Council sponsored 121 students (88 from Mongu Central and 33 from Nalikwanda Constituencies) under the Skills Development programs.
The students are now skilled in Brick laying and Masonry, Fashion design and textile technology, Automotive Engineering, Plumbing and Pipe fitting, Carpentry, Food Production etc.

The colorful graduation ceremony which was held at Mongu Trades was officiated by Mongu District Commissioner Mr Akabeswa Morgan Imasiku.

CDF Beneficiaries

A differently - abled woman from Nasiwama Womens Club in Lumbo ward making a reed mat for sale. The Club is also into farming.

Meet CDF Loan beneficiary, Aongola who was given K100,000. He invested in irrigation farming

Grant beneficiary Lulambo Multi purpose Club from Kama ward benefited K15,000 and ventured in Piggery farming.

Joseph Muyunda from Nalikwanda constituency is a Skills Development bursary beneficary who graduated with a certificate in Automotive Mechanics/Driving from Mongu Trades. He is now a driving instructor at a local driving school, thanks to CDF.

2024 CDF IN PERSPECTIVE

Constituency	CDF Component	No. of Beneficiarues	Total Cost (K)
Nalikwanda Constituency	Secondary School Boarding Bursary	606	1,283,100
	Skills Development Bursary	93	1,958,404
	Empowerment Grants	55	2,000,000
	Empowerment Loans	19	1,800,000
	Community Projects	11	
Mongu Central Constituency	Secondary School Boarding Bursary	819	2,577,500.02
	Skills Development Bursary	235	2,500,222
	Empowerment Loans	135	2,328,308.79
	Empowerment Grants	36	3,516,764.62
	Community Projects	15	

MMC Trains CDF Grant Beneficiaries

By Faustina Litwai

Mongu Municipal Council conducted training for One hundred and thirty five (135) Clubs and Cooperatives that have benefitted from the CDF Empowerment Grants in Mongu Central Constituency this year.

A total of K2 million, three hundred and twenty-eight thousand kwacha, three hundred and eight kwacha, seventy-nine Ngwe (K2, 328, 308.79) has been disbursed towards empowerment grants under the 2024 CDF allocation in Mongu Central.

The 135 clubs were segmented into two groups. The first group was trained last week on Friday and the second group on Tuesday this week.

Community Development Officers from the Local Authority took time to train beneficiaries on Financial Literacy and prudent utilization of the CDF grant money.

The Capacity Building also involves lessons on Leadership and Management, the Constitution of the Cooperative, Record Keeping, Budgeting, Action Plan, and other topics.

Some of the projects that successful applicants presented are Goat rearing, Rice farming, Fish trading, Tomato production, Carpentry, Maize production, Cattle rearing, Piggery, Hammer Mill business, Tailoring and Poultry.

The MMC team will continue conducting similar training in Nalikwanda and Mongu Central Constituencies.

Mongu council holds loan repayment reminder meetings

By Abigail Sitenge

In a bid to ensure that the Constituency Development Fund (CDF) empowerment Loans are recovered from all those that benefited, Mongu Municipal Council in conjunction with NATSAVE bank Mongu branch have conducted Loan repayment reminder meetings to engage beneficiaries.

Last month, NATSAVE Mongu Branch Manager, Kingsley Nyambe and Kaoma Siulanda, the out – going acting Branch Manager including officers from the Local Authority engaged CDF Loan beneficiaries from Mongu Central and Nalikwanda Constituencies. The bank officials strongly emphasized the need for all beneficiaries to pay back the Loans they obtained as it is a revolving fund.

The first meeting took place from Sir Mwanawina Motel in Mongu and the second one at Nakanyaa Primary School while the third one took place at Looma Primary School in Nalikwanda constituency.

A good number of individuals (businesses) and cooperatives that obtained CDF Loans turned up for the meetings.

The empowerment loan is designed to be a revolving fund and this is why it should be paid back whenever it's due.

Beneficiaries were also reminded of the consequences of defaulting, such as the risk of being blacklisted and that legal action would be taken to recover the money.

Meanwhile, most loan beneficiaries that invested in rice and maize farming bemoaned the lack rains resulting into huge losses. The lack of rain was due to the adverse effects of climate change.

Muyunda Kalumiana, a loan beneficiary from Mutondo Ward in an interview lamented that he expected 500 bags of Rice but only harvested three (3) bags due to the drought.

Kalumiana of Ikete Family Ventures has however thanked the government for empowering citizens.

CDF: A Game Changer for Mongu Tailor

By Abigail Sitenge

Since its introduction, the expanded CDF has continued to record success stories in various categories. Jermaine Mwanza fondly known as Jemwa is an example of a loan beneficiary.

The popular Mongu-based tailor applied for an empowerment loan under Mulambwa Ward in the 2023 CDF allocation and he was given it.

Jemwa was empowered with K100, 000 which he used to procure an advanced embroidery machine from China. He no longer takes clothes to Lusaka for embroidery work.

Jemwa's business has visibly grown since he was featured in a CDF TV documentary televised several times on Zambia National Broadcasting Corporation early this year.

His shop is located near Kanyambi along Senanga Road.

2024 CDF project sites handed over

By Faustina Litwai

Mongu Municipal Council (MMC) has concluded the handover of sites to contractors awarded 2024 CDF community projects in both Nalikwanda and Mongu Central constituencies.

During the site handovers, MMC Civil Engineer, Eng. Mabi Sitambi called upon community members to allow contractors to do their job while closely monitoring the projects.

He further advised contractors to deliver quality work and ensure that the projects are completed within the stipulated timeframe.

In Nalikwanda Constituency, the projects include:
• Rehabilitation of a staff house at Nanjeko Health Post, awarded to Kaeni Enterprises at a cost of K270,000.00.
• Construction of a Water Scheme and external works at Imalyo Clinic, awarded to Thompson Empire Limited at a total cost of K450,000.00.
• Construction of a Low-cost house at Kaamba Community School, awarded to Nkhunzi Marketing Agency at a cost of K700,000.00.
•Construction of a Maternity Annex at Natonga Health Post, awarded to Nakato Queens Construction Limited at a cost of K800,000.00.
• Construction of a Low-cost staff house at Lulomwe Community School, awarded to Olika Construction and General Dealers at a cost of K600,000.00.
• Construction of Nanjeko Health Post, a Low-cost staff house, and a water scheme, awarded to Nyiya General Dealers at a cost of K2,400,000.00.
• Construction of an Ablution block and Water Scheme at Kaamba Community School awarded to Caetami Enterprises Limited at a total cost of K770,000.00.
• Construction of an Ablution block and Water Scheme at Lulomwe Community School awarded to Nakato Queens Construction Limited at a cost of K730,000.00

In Mongu Central Constituency, the projects include:
• Construction of a Water Scheme at Nakaywe Primary School, awarded to Namak Enterprise at a total cost of K270,000.00.
• Construction of an Ablution block and a Water Scheme at Kashembe Community School, awarded to Trida Business Ventures at a total cost of K800,000.00.
• Completion of a 1x3 Classroom block at Mukoko Primary School, awarded to Mboo Muyunda Three Business Ventures Limited at a total cost of K350,000.00.
• Construction of a Police Post in Imwiko ward, awarded to Avies Link Trading at a cost of K600,000.00.
• Construction of a 1x3 Classroom Block and Water Scheme at Mutaliati Primary School, awarded to Mude Enterprises Limited at a cost of K1,270,000.00.
• Expansion and rehabilitation of Green Market Shelter, awarded to Thompson Empire Limited at a cost of K1,000,000.00.
• Construction of Central Market Shelter, awarded to Kufanga Contractors and General Dealers at a cost of K1,850,000.00.
• Construction of a market shelter at Liyoyelo/Kapulanga Market, awarded to Thompson Empire Limited at a cost of K1,150,000.00.
• Construction of a Staff house, an Ablution block, a Maternity Annex, and tiling/ceiling at Simulima Health Post, awarded to Nkhunzi Marketing Agency Limited at a cost of K1,842,000.00.
• Construction of a Police Post in Mulambwa ward, awarded to Edamas General Dealers Limited at a total cost of K1,050,000.00.

The contractors are expected to be on-site soon.

"The contractors are expected to be on-site within 14 days from the time the sites are handed over."
